Re: Internship Proposal for Industrial Internship A.Y. 2023-24 Semester I

Nature of work to be done:

Mr. Om Butala will work for Whirlpool corp. as an Data Analytics Intern. The Whirlpool innovation center, a cornerstone of technological advancement, serves as the powerhouse for crafting cutting-edge solutions and will assist Mr. Nitin Phuke. This internship opportunity involves collaborating with Whirlpool's expert Data Analytics team, with a focus to draw actionable insights from data, and share them with stakeholders to drive important business decisions that will help them achieve their goals. And to develop the mapping workflows as per the technical requirements from different stakeholders related to Sales, Promotions, Products, Orders, Service etc. and supporting the same. Also, monitoring and troubleshooting existing tasks when abended/suspended. Also learning the admin side activities (Repository Management, Server Management, User Management) for ETL Informatica.

Schedule:

The internship begins on August 10, 2023 and will last for no less than (40) business days of at least (8) hours duration. Work hours will be 9:00 AM – 6:00 PM, Monday through Friday with 30 minutes for lunch. A final report will be completed by the student and delivered in accordance with Industrial Internship Standards.

The bound final report is to be delivered to the faculty mentor at the end of the third full week of August, on August. 25, 2023.

Learning objectives:

1. Comprehensive Understanding of SQL in advance.
2. Hands-On Databases Management.
3. Continuous Learning and Adaptability.
4. Professional Communication and Collaboration.
5. Data Warehousing and ETL.
6. Working on Informatica Powercenter and IICS to perform ETL operations.
